Dear Colleague

HIGHER EDUCATION STUDENT SUPPORT – PROPOSED CHANGES TO THE DISABLED STUDENTS’ ALLOWANCES POLICY IN WALES FOR ACADEMIC YEAR 2016/17

For Welsh-domiciled students, Disabled Students’ Allowances (DSAs) are part of the statutory student support package provided by the Welsh Ministers and administered by Student Finance Wales (SFW). In Wales in 2012/13 around £9.2m of DSAs were allocated to 3,729 Welsh students towards a range of support, including the provision of support workers, the purchase of computers and specialised equipment and assistance with travel costs.

Following the announcement of changes in England, the DSAs policy in Wales is being reviewed to ensure that DSAs funding is being targeted effectively. In SFWIN 01/2015 (<http://www.studentfinancewales.co.uk/media/9266/proposed-changes-to-the-disabled-students-allowances-for-academic-year-2016-17.pdf>) we proposed changes to the DSAs policy in Wales, in line with the proposed changes in England. Following consideration of the responses received, the Minister for Education and Skills decided not to introduce any of the proposed changes for academic year 2016/17.

This notice confirms that a public consultation will be carried out in respect of proposals for improving the Disabled Students' Allowances (DSAs) policy and process in Wales from academic year 2017/18 onwards. Individuals will be invited by Welsh Government to join a new working group as sector representatives to consider questions to be included in a full public consultation. Any decision as to whether the proposed changes are made to the DSAs policy in future years will be made after the full consultation process is concluded and any responses have been considered.

Two process changes will be considered separately to the above mentioned exercise:

- Placing a cap on needs assessment fees.
- Introducing a registration process for Assistive Technology Service providers and needs assessment centres.

Please share this document with your members and any other organisations you feel would have an interest.
